

the king's school

Annual Arts Fair

CORE SCHOOL VALUES:

At The King's School we believe that every child is born with unique abilities and gifts from God. We desire never to educate children out of their God-given creativity and individuality, but rather give every student a safe environment in which they may express them.

PURPOSE:

The Arts Fair exists to give opportunity for all King's School students from K-12th grade to display or present the art form of their own choice. The art is generated during an arts class (music, dance, drama, or English language arts) here at school, but students may also choose to submit art forms that they have generated from home. They may present one or more art items.

ART FORMS:

The arts are a very broad form of expression that can belong to one, but not limited to the following genre:

Photography – research paper on famous photographer, and shoot in the style of chosen photographer

Drawing – print making, charcoal, pastels, graphite

Clay – sculpture, functional, decorative

Painting – watercolor, tempera, acrylics

Sculpture – wood, metal, found objects, mixed media

Mixed Media – collage, more than one main medium

Dance

Presentation of original writing

Music – vocal or instrumental

Dramatic Presentation

GRADING CRITERIA:

The Annual Arts Fair grading criteria is provided on the back of this page. Our panel of judges will be grading each student's art work throughout the day.

PANEL OF JUDGES:

This year's panel of judges consists of ...

Ms. Musco - our own art history expert and art teacher;

Mrs. Voorhis - our own professional photographer and photography teacher;

Mrs. Jacobson - our own history/literature expert and playwright/director;

Principal Girling - and our own singer, songwriter, playwright/director.
