Preparing Tomorrow's Leaders Today!

*"Train up a child in the way he should go, even when he is old,
he will not depart from it." Proverbs 22:6"*

...Helps Kids Grow!

The King's School, which began in 1983, is a non-profit educational ministry of Church of The Nations (COTN). From the birth of the school, God has called us to "Preparing Tomorrow's Leaders Today." Central to that call is the understanding that every child is born according to God's will and choice, and that each child has a God-given destiny to find and fulfill (Psalm 139:13-16).

"We face a significant decision when considering the foundation of our children's education. We want to protect them from the perils that choke out an interest in learning.

We want to provide them with a safe and fertile haven where they can be rooted in firm, unchanging truths, where they can grow tall and strong in knowledge and confidence, where they are encouraged to branch out into all of God's wonders that interest them, and where they can mature into happy, productive individuals fully expressing the potential God plants in them.

Christian schools help children grow by showering them with the individual attention and specific help they need to be excited while learning, and by providing a climate in which poor behavior is consistently corrected and fruitful behavior is gladly encouraged.

For the children we so dearly cherish, it is important that we provide the best learning environment possible. Christian schools help kids grow!" A message from the Association of Christian Schools International

The King's School is registered with the New York State Department of Education and has the privilege of offering Regents and Advances Regents diplomas.
