

DRESS CODE - COVID INFORMATION SHEET

revised 8/25/20

Due to the inability to use our locker rooms during the COVID restrictions, **students who have a King's School sports practice or game immediately after school will** be allowed to wear their King's School plain, gray, gym t-shirt to school only on practice days, and their King's School game jersey to school only on game days. Students will also be allowed to wear plain black track pants or plain black joggers to school over their gym shorts (stripes down the side of the track pants are allowed; see example, below). As always, gym clothes should be clean, in good condition, and without tears or rips. All the usual King's standards for modesty and appropriateness of clothing still apply.

Please read the dress code carefully, and please refer to these examples from Lands' End for approved t-shirts and track pant options.
